

# The 2004 Prather Lectures

Departments of  
Molecular and Cellular Biology and  
Organismic and Evolutionary Biology

## Tom Jessell

Columbia University  
*Neural Differentiation and Development*

Wednesday-Friday  
21-23 April 2004

Photo by Chris Denney

- 21 April, 12:00 – 1:00 p.m.:** **“Gradients, transcriptional codes, and neuronal diversity”**  
Sherman Fairchild Lecture Hall
- 22 April, 12:00 - 1:00 p.m.:** **“A deterministic view of neural circuit assembly in the developing brain”**  
Sherman Fairchild Lecture Hall
- 23 April, 2:00 – 3:00 p.m.:** **“Directing stem cell differentiation: Insights from neural development”\***

Pre-registration with ID (academic, hospital, or corporate)  
required at 617-495-7507 or [caelah\\_fitzgerald@harvard.edu](mailto:caelah_fitzgerald@harvard.edu)

\*Shown on HITS in Biolabs Lecture Hall, Sherman Fairchild Lecture Hall  
Overflow viewing in tea rooms SF 211, SF 365, SF 401, SF 3<sup>rd</sup> floor lobby,  
BL 3042, BL 4000, for all lectures

**Refreshments will be served 15 minutes prior to each lecture in Sherman Fairchild lobby**

For information, contact S. Smith at 496-2306
